

Reminders: Safe Remote Working

REMOTE WORK:

✓ Any User may work remotely on devices issued by the Department or their own devices;

POLICY:

✓ The University "Bring Your Own Device" (BYOD) policy is specifically intended for individuals within the Department who intend to or already work remotely using their own PC, laptop or other device. It is located here: <u>https://help.it.ox.ac.uk/security/endpoint/byod-policy</u>.

The policy helps BYOD Users protect against virus infections, data being exposed to possible malware running on BYOD devices, unauthorized copying of Department data onto devices no issued by the University, etc.

BYOD REQUREMENTS:

	NCRYTION:	
	✓ The BYOD User should encrypt his/her local disk, where possible, using M	icrosoft
	Bitlocker for Windows or FileVault for Macintosh devices;	
2.	NTIVIRUS:	
	The BYOD User must deploy antivirus protection, such as Sophos, which the Ur deploys on devices that it manages and is available to BYOD Users free of ch their own devices here: <u>https://help.it.ox.ac.uk/security/endpoint</u> . The User that the antivirus software is active, routine scanning occurs and that the BYOD is scanned and does not contain viruses before initially accessing Depa applications remotely;	arge for agrees O device
3.	OPYING/OPENING DEPARTMENT DATA:	
	The BYOD User agrees to <u>always</u> refrain from copying Department data to an	y BYOD
	from a Department network shared drive and opening such files directly from	-
	BYOD;	
4.	ASSWORD PROTECTION:	
4.	•	er BYOD
4.	ASSWORD PROTECTION:	er BYOD
	ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe	er BYOD
	ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe device;	
	ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe device; XCLUSIVE USE:	y intend
	 ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe device; XCLUSIVE USE: The BYOD User agrees that the PC, laptop or other BYOD device on which the PC, laptop or other BYOD device on which the PC, laptop or other BYOD device on which the PC, laptop or other BYOD device on which the PC. 	y intend
5.	 ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe device; XCLUSIVE USE: The BYOD User agrees that the PC, laptop or other BYOD device on which the to work remotely is used exclusively by the User and his/her password is not 	y intend
5.	 ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe device; XCLUSIVE USE: The BYOD User agrees that the PC, laptop or other BYOD device on which the to work remotely is used exclusively by the User and his/her password is not with anyone else; and ICENSE RESTRICTIONS: 	y intend : shared
5.	 ASSWORD PROTECTION: The BYOD User agrees to deploy password protection on the PC, laptop or othe device; XCLUSIVE USE: The BYOD User agrees that the PC, laptop or other BYOD device on which the to work remotely is used exclusively by the User and his/her password is not with anyone else; and ICENSE RESTRICTIONS: Some software <u>cannot</u> be installed on User BYODs due to license restrictions, 	y intend shared
5.
